## CARRIER OBJECTIVE:

Dedicated and determined Computer Science student (2024–2028) with strong interest in programming, problem-solving, & data visualization. To obtain a challenging position in a reputable organization where I can apply my skills, continue to learn, and contribute to the company's success while growing professionally and personally.

---

## EDUCATION

\*Bachelor of Technology (B.Tech) – Computer Science and Engineering\*

ADITYA UNIVERSITY

Year of graduation:2028 (Currently pursuing B.Tech 2 year)

---

## Technical Skills

\* \*Languages:\* C, C++

\* \*Coding Practice

1100+ problems solved on LeetCode, CodeChef, GFG, HackerRank

\* \*Tools:\* Microsoft Excel, Power BI

\* \*Concepts:\* Loops, Arrays, Functions, Strings, Recursion, DSA

\* \*Soft Skills:\* Communication, Teamwork, Problem Solving

\* \*Other Tools:\* MS Word, PowerPoint, Canva

## Certifications

- \*  \*Excel Essentials Certification\*

Developed skills in formulas, pivot tables, automation, and dashboard creation.

- \*  \*Power BI Certification\*

Gained hands-on experience in data modeling, interactive report building, and business KPIs using DAX.

- \*  \*Cisco Certified: Introduction to Cybersecurity & C Essentials\*

Issued by Cisco Networking Academy – [December, 2024].

---

## Achievements & Projects

- \*  \*Solved 1100+ programming problems\* across online platforms — showcasing persistence, logic, and hands-on coding practice.

- \* \*Retail Sales Dashboard (Excel + Power BI)\*

Built an interactive business dashboard with region-wise sales filters, KPI visuals, and performance insights.

- \* \*Student Marks Analyzer (Excel)\*

Created a clean, automated spreadsheet for grade tracking and subject performance visualization.

---

## Strengths

- \* Dedication to continuous learning
- \* Determined and self-driven
- \* Strong logical reasoning
- \* Always ready to face challenges with a learning mindset
- \* Strong team collaboration and coordination skills

- \* Good communication and interpersonal skills

### Interests & Hobbies

- \* Exploring nature & creative tools.
  - \* Visual design and basic automation.
  - \* Listening to music, drawing/sketching.
  - \* Learning through tech videos and coding challenges.
- 

**""Driven by determination, learning through every line of code."\***
